Far Company Forecasts Record Crop; Beet Harvest in Valley to Start Monday

The largest sugar beet crop in Magic Valley history will begin next Monday at receiving stations of the Amalgamated Sugar company open.

Harry Elock, Twin Falls, reported Monday the company's processing plant and Paul will begin operations at 9 a. m. Wednesday, Oct. 7.

He expects approximately 525,000 tons of beets this year from the record 31,000 acres in the valley.

At present both the beet and sugar beet crops are being harvested. The beet crop is being harvested by the Magic Valley Beet Co. and the sugar beet crop is being harvested by the Amalgamated Sugar Co.

Mishap at Gooding Ups Traffic Deaths To Eight in 15 Days

GOODING, Sept. 23.—In one day more than two weeks Magic Valley has come within one death of equalling the traffic toll for September, 1952. D. Glenn Hammond, 54, Nysa, Ore., became the valley's 26th fatality at 1:15 a. m. Sunday. His death was the third for Gooding county this year and the eighth in the valley since Sept. 12.

Mr. Hammond was killed instantly when his automobile overturned one mile west of the Gooding tuberculosis hospital. He was on his way from Arco, where he had been working, to Nysa. Sheriff Keith Anderson, who investigated, said the automobile went off the shoulder of the road, back on to the highway and off the opposite side of the road, rolling over several times. He said Mr. Hammond was pinned beneath the car and Dr. J. E. Brownell, county coroner, said death was instantaneous. Dr. Brownell also said no autopsy is planned.

The present wave of traffic deaths was started on Sept. 13 when a Richfield youth was killed near Carey. The death was the 19th for the valley since Sept. 12.

Brownell and Ike Confer on Warren Meet

WASHINGTON, Sept. 23.—(AP)—Attorney-General Brownell reported to President Eisenhower today on his secret three-hour conference yesterday with California Gov. Earl Warren.

Brownell refused, after a 20-minute talk with the President, to tell reporters whether he made the surprise Sunday flight to California as a presidential emissary to offer Warren an appointment to the Supreme court or as some other federal post.

No Statement Brownell said he had no statement to make. He said he had no statement to make.

But Brownell's flight to Sacramento under secrecy was stirred speculation that Warren might be on the verge of receiving an appointment to the Supreme court, where a vacancy has existed since Chief Justice Fred M. Vinson died.

Asked if the vacancy will be filled shortly, Brownell said he had nothing to say at the time. He used the phrase "at this time" in refusing definite answers to several questions.

Not on List Brownell's name was not on the President's list of callers for today. He entered and left through a side door.

At Sacramento, Warren's press secretary, Newton Brown, said in response to questions: "If anything comes out of that (meeting) it will be from the President, not from Sacramento. If anything is to be done it will be done by the President, not from Sacramento. We have no word until then."

Rep. Earl Warren, said in a statement: "I have no word until then."

Captain Hunter said two soviet planes were turned in shells they picked up at the scene of the explosion. Others having souvenirs or any persons knowing where any soviet aircraft was shot down are asked to contact Sheriff Lloyd Steward, so an army detail can be sent to dispose of it.

The state highway department also has finished repairing the road damage in the explosion and fire.

Russ Make Weapons Gains, Wilson Warns

WASHINGTON, Sept. 23.—(AP)—Defense Secretary Charles E. Wilson said today Russia is making "rapid progress" in the development of atomic and hydrogen weapons.

"We must face the reality that if not at the moment, very shortly they (the Russians) can make bombs of any size, also," Wilson told reporters after his weekly meeting with President Eisenhower.

This, Wilson said, confronts the United States with an overriding question of how to spend American funds and manpower to the best interests of national security.

Wilson discarded Soviet progress in atomic and hydrogen weapons when a reporter asked him to sum up the problems facing the United States government.

After mentioning a final political settlement in Korea and the general European situation, particularly the tension between east and west Germany, Wilson then said he thought one of the basic problems confronting this country is "the realization that the Russians, too, are making rapid progress with their atomic and thermonuclear developments."

Wilson's response to questions, however, was not to discuss the progress of the Soviet Union in atomic and hydrogen weapons, but to discuss the progress of the Soviet Union in atomic and hydrogen weapons.

U. S. Has 4,000-Craft Capable Of Carrying A-Bomb in Battle

WASHINGTON, Sept. 28.—(AP)—The United States now has approximately 4,000 warplanes equipped to carry atomic weapons, according to estimates in well-informed military circles.

Only a relative handful of these, observers believe, can be adapted for delivery of the much larger and infinitely more destructive hydrogen bomb.

It will be many months, moreover, before significant numbers of hydrogen-bomb-capable bombers are available. They are intended specifically for H-bombing and are in early production phases. The air force is expected to announce plans this week to increase B-36 orders and set up a second production line.

If any credence can be given to published guesses—and they are hardly more than guesses—as to the size of America's atomic weapons stockpile, it may well be that more planes are fitted to carry the weapons than there are weapons. Few if any official estimates put the atomic stockpile as high as 4,000 bombs.

But the quality of the planes is something else again. The 4,000 estimate includes planes of every type announced as being fitted for A-weapons delivery.

Of these, the air force has at a maximum 3,500 and the navy has in the neighborhood of 500, possibly more, according to available estimates.

Not all the planes are in combat units. The air force, for example, has received more than 600 B-47 jet bombers. But so far as has been announced only to combat wings, totaling about 90 B-47s, have been organized and completed training. Strategic air command crews are being trained to take over the speedy bombers as fast as possible.

The other air force planes that can carry atomic weapons are the intercontinental B-36 superbombers; B-29 and B-50 Superforts; B-45 Tor-

Weather Fair in Hurricane Wake

PAWNEA CITY, Wyo., Sept. 28.—Fair weather was expected to dry out the squally path of hurricane "Florence" across Florida's "panhandle" and south Georgia today as workmen patched up scattered damage.

The dying hurricane over the week-end left a trail of flash floods and washed out roads across south Georgia to Brunswick, where federal, state and local agencies rushed repairs of streets and drains.

Georgia's Gov. Herman Tamm ordered convicts put to work clearing flooded drains around the coastal city. Third army headquarters sent in heavy equipment to meet damaged highways.

SISTER DIES

WENDELL, Sept. 28.—Word has been received by Mrs. Julia Ring of the death of her sister, Mrs. I. M. Nelson, at Medicine Hat, Alberta, Canada.

DURACHORD

HAGERMAN, Sept. 28.—Opl. Ronald A. Hume, son of Mr. and Mrs. Ralph Hume, has returned from Korea and was discharged from service at Ft. Lewis, Wash., on Wednesday. He had been overseas since May, 1952.

CLASS MEETS

SHOSHONE, Sept. 28.—A church membership instruction class was held Friday after school at the First Baptist church by the Rev. Joseph McLeod. Similar classes will be held every Friday, the Rev. Mr. McLeod said.

GOP Women In Area Hear Political Talks

JEROME, Sept. 23—Life in Washington, D. C., as executive secretary for Sen. Henry Dworshak was described by Louise Shaddock at a meeting of Jerome county women Friday.

The meeting, and, too, sponsored by the Jerome county Republican women's club, was held in the county recreation hall. Miss Shaddock was introduced by Mrs. Guy Towle.

Miss Shaddock related incidents in the senator's office and told about some of the strange requests received in the office.

Miss Shaddock stressed the importance of telling the American people the truth and said she means this country's standard of living must be lowered as a means of balancing the budget. She said, "We cannot continue with a give away program and added that she did not believe the United States will have a depression but that it may face a minor recession."

Also speaking at the meeting was Mrs. William Detweiler, Haselton, state president of the Republican women's organization. She reported on the recent western states conference at Yellowstone national park.

In preparing for the 1958 election Mrs. Detweiler urged that every precinct be organized and urged all campaign workers to be informed, neat, pleasant and agreeable.

"Don't underestimate the opposition and don't be misled," she said. Mrs. Ed McCleary, president, and Mrs. Gilbert White presided at the table. Mrs. Tom Mahan was in charge of refreshments and Mrs. L. W. Grandall the floral arrangements. Attending the meeting were women from Haselton, Wendell, Coeur d'Alene, Jerome and Boise.

New Red Jet Wasn't Used, Article Avers

NEW YORK, Sept. 23 (U.P.)—The communists had a new Soviet jet bomber in Korea this year that could have forced the United Nations to leave the peninsula, but never used it, Fortune magazine reported today.

The red bomber, the Ti-28, described in the October issue of the magazine, the Ti-28, in the light jet bomber class, has a top speed close to sound, a 700-mile radius of action and performance in a class with the new British Canberra, the magazine said.

An article entitled "Defense and Strategy" said the reds had at least 100 of the new bombers in Korea during the last months of the U. N. planes, possibly because of the fear that one might crash in U. N. territory and be examined.

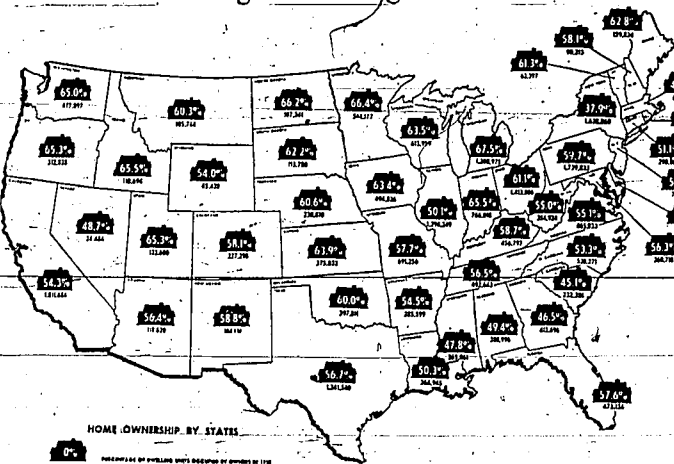

Fortune estimated that if the Ti-28 had ever been used in a surprise blow against U. N. bases in South Korea while MiG fighters assaulted forward airfields, "the U. N. position on the Korean peninsula would have been touch and go."

Class Honored

SHOSHONE, Sept. 23—Students who will be graduated from the second year junior class of the First Baptist church Sunday school were honored at a party at the home of their teacher, Mrs. Ray Webb, Friday night. In addition to Mrs. Webb, the group was supervised at the party by the Rev. and Mrs. Joseph McLaughlin and Mrs. George Johnson. Assisting with arrangements were Bonnie Reisinger, John Shouse, Douglas Vanderpool, Shirley Bond, Gene Meyer, and Karen Webb.

Idaho Has High Percentage of Home Owners

Ranking fifth in the nation, Idaho has the highest percentage of homeowners of any of the 11 western states. Michigan is tops with 67.5 per cent, and Minnesota, North Dakota and Indiana rank just ahead of Idaho.

Idaho, which has a percentage of 65.3 of its homes occupied by third owners, ranking immediately behind Idaho are three other western states, Oregon, Utah and Washington.

'Honorable' Methods Planned In Parleys With 'Red' POWs

MUNBAE, Korea, Sept. 23 (U.P.)—U. S. officers assigned to "explain" to 23 pro-communist Americans why they should go home said today they would seek to change their minds honorably.

"We will not get down on our knees to them. We will not induce them. We will not trick them," the "explainers" said.

He and other "explainers" will be available Thursday and for the next 90 days to those American prisoners of the communists who want to listen.

The "explainers" said that although no official plan has been mapped out for the talks, the procedure will be something like this:

1. The Americans will be brought up to date on news they were denied while in captivity.
2. The prisoners will be told they have been victims of communist propaganda.
3. There will be no promises, no threats and no guarantees other than those given all American citizens.
4. No attempt will be made to beg the men to come home.

The "explainers" voiced disapproval of the American Legion proposal to send the mothers of prisoners to Korea.

Tight

WHITMAN, Mass., Sept. 23 (U.P.)—A Concord reformatory parolee lost a race with police Sunday and blamed it on a pair of tight new shoes.

"If I had my old shoes on you never would have caught me," Albert Yoonis told officers.

In his car police found 22 other pairs of new shoes they said were stolen from a Middleboro shoe store.

Big Student Gain Reported in S. L.

Great Value of Old-Fashioned Loafing Discovered by Medics

NEW YORK, Sept. 23 (U.P.)—Loafing, the oldest and finest of the arts, is now being prescribed medically as a way to stay healthy.

So if you get a little tired, it may be your fault through failure to employ this really amazing and miracle drug.

"Two specialists told the Michigan Medical Society that Americans need to slow down, that a six-minute pause in the day's duties would help curb heart disease and mental disturbances."

They, just plain, old-fashioned loafing has become a "lost art," commented one.

Before we go deeper into how to live longer, by loafing, let us examine why this life-prolonging, health-enriching art was lost from our culture.

Well, the common man usually is case he has a clear alibi. He always has had a sneaking suspicion the old theory about loafing was false as the whippersnappers on a department store Santa Clause. And improving as best he could, he has done his best to keep the art of loafing from dying out altogether.

You can't blame the government either. Nobody could fairly accuse the politicians of having lost the art of loafing. Some have even made a heart-warming attempt to turn it into a science.

The real guilty party probably is a 19th century, how-to-get-ahead writer named Horatio Alger. He made loafing disreputable. He misled his ambitious young countrymen by writing books with such lurid titles as, "Gink or Swim," "Strive and Succeed."

Soon everybody was trying to outstrip everybody else. To stay respectable you had to do your duty.

Loafing is secret. And secret loafing is like, even drinking—more of a problem than a pleasure.

There is no doubt that many who followed Alger, "strive and succeed," became rich and successful men. They still do. They also often were rich and successful loafers who can afford to loaf and add support a charming loaf.

But Horatio Alger never wrote these happy endings to his fables. He couldn't stand to see a loafer get the rewards of honest loafing.

He never occurred to him that he was an ulcer merchant. He never realized all work and no play may make Jack a lot of jack—but also can make him sick and unhappy and kill him in his prime.

Reforms come slowly. The government is still afraid to loaf except of medical advice. Its goal now is to work so hard he will get so tired he will want to loaf.

Free Booklet Tells How You Can Win Friends, Popularity

A publisher in Chicago reports that a simple technique of everyday conversation—which can pay you real dividends in both social and business advancement and works like magic to give you added poise, self confidence and greater popularity. The details of this method are described in a fascinating booklet, "Adventures in Conversation," sent free on request.

According to this booklet many people do not realize how much they could influence others simply by what they say and how they say it. Whether in business, at social

functions, or even in casual conversations with new acquaintances, there are ways in which you can make a good impression every time you talk.

To acquaint more readers of this paper with the easy-to-follow rules for developing skill in everyday conversation, the publishers have printed full details of their interesting self-taught method in a free booklet which will be mailed free to anyone who requests it. The address is: Conversation Studies, Dept. 306, 33 Diversey Parkway, Chicago 14, Ill. A postcard will do.

VIC FLINT - CAPTAIN EASY

VIC, I THINK I KNOW WHO THREW THAT NOTE THROUGH THE WINDOW!

LOOK AT THE FIRST SYLLABLE OF THE FIRST WORD!

THAT'S JUAN BLUES! YOU GOT IT! DON'T YOU?

YES, JUAN THROWS THE "MOVELIST" DON'T YOU SEE? IT'S JUAN'S BASTARDLY WAY OF DOING THINGS!

OR SOMEBODY MEANS GO SAYING SUSPICION TO "THEOBY"!

PLEASE HURRY, GIRL! YOU MUST BE CAPTAIN EASY! ALL OTHER PASSENGERS ARE ABANDONED!

THIS IS THE LAST SHIP! GIRL! NEXT STOP: WASSAU!

OH NO!

IT'S FANTASTIC! I TOOK EVERY PRECAUTION TO PREVENT YOU TRAVELING ABE-HEER!

I'M GOING DOWN TO PERISH, BUT WITH YOU RUNNING LOOSE IN THE WATERS, I'VE BEEN OBLIGED TO PULL IN MY LUBE—YOU MUST BE ON FEET!

GASOLINE ALLEY

How is this, Doc? Do you think I'll bring them out?

Maybe it's not inspired, but it sounds reasonable to me, Walt.

I couldn't have done better myself, Walt.

We don't know all the addresses, but I got 300 printed.

You'll be sorry you volunteered to foot the bill.

GASOLINE ALLEY WEEK

THEY SAY THE NATIVES OF THESE HILLS ARE COME LATE UN-CIVILIZED!!

THANK HEAVENS, OUR BABY WON'T BE LOST IN THIS BRAIN FRY!

COULD BE USEFUL, BUT I'VE LAMMED INTO A DRAIN PIPE AND I'VE REPORTED THIS!

WE'VE MISTER AN' MISSUS A NORKIN' ON, BUT OUR BABY NAME'S IS MYSTERIOUS ON ACCOUNT WE DON'T KNOW WHAT T'YEP HE IS.

—HOW HEARTLESS! I DON'T ASK YOU TO GIVE ME ANY OF THAT BABY THING!—

THAT BABY IS BOOPERS, NO-ONE HIT THE BULLET BOUNCED OFF AS THOUGH MYSTERIOUSIT

THE SCRAMBLE TRIED TO SHOOT LIL' MYSERIOUSIT

HOW INTERESTIN'

WHATE'S YOUR NAME?

YOU'RE TELLING ME TO TURN FOZZY LOOSE?

YES!

MY GOSH, AFTER WHAT HE DONE TO YOUR HAD ANY READS, I WOULD HAVE THOUGHT YOU'D EVEN BE ABLE TO GIVE HIM!

I AIN'T FORGAVE NO BOOBY-GOP DRANG NEAR KILLED HIM! WOULD HAVE TOO IF I HADNT SAID TO DROP CHARGE!

BUT I DON'T BEE A HANG ON YOU!

COURSE YOU DO COOK-ANT HAD TH FOZZY THINK THE IS!

Vice President Nixon Charts Goodwill Tour

Above newsmag shows flight course of Vice President Nixon's 37,000-mile air trip to the far east. Nixon's embark on his nine-week tour from Washington, D.C., on Oct. 6, and will return to the capital Dec. 11.

Ice Check Proves Temperature Hot

PHOENIX, Ariz. (UP)—A group of southwestern cities held a contest last summer to determine which was the coolest—a very relative thing.

Phoenix, Mesa, Tucson and Yuma in Arizona, El Paso, Tex., and Santa Fe and Albuquerque, N.M., entered the contest, which consisted of watching a 100-pound block of ice melt.

The Junior Chamber of Commerce in each city was to keep tabs on the melting ice, and the winner would have larger hunk remaining at the end of the day.

Came sundown, and the final reports were gathered. Judges considered the reports and came to the conclusion that the contest didn't prove much, except that the Jaycees had had a lot of fun.

"Rights" Not Full Protection to Man

LOUISVILLE, Ky. (UP)—Robert Foster, 40, lost a game of hide-and-seek with vice squad detectives after he stood on his constitutional rights.

The detectives went to Foster's home to check a report that Foster was being bootlegged. Foster, who met them at the door, reminded them that he had "Foster's rights" and that they had to have a search warrant.

The detectives hid around the corner until Foster came out the back door with a bushel basket full of whiskey bottles. The detectives grabbed a bottle and arrested Foster.

Oldest Evidence Of Man Located In Basin Region

WASHINGTON, D.C. (UP)—Evidence of what anthropologists believe to be the oldest prehistoric man found in Washington has been uncovered at a camp near this Columbia basin community.

Richard Daugherty, anthropology instructor at Washington State University, Pullman, said cultural evidence indicates the ancient campsite was built by a man 10,000 years ago.

Cultural debris and artifacts found at the camp include projectile points, arrowheads, knives and other tools along with evidence of fire, and stone chips left from production of artifacts.

The only evidence of animals is a horse bone, Daugherty said. Daugherty and Francis Hiddle of the University of California were notified of the evidence in 1947 while they were on assignment for the Smithsonian Institute in exploring reservoir areas in advance of their coverage in Washington, Idaho and Montana.

The camp was buried by wind erosion before exploration of the site could be started. Strata attempt to uncover it were not begun until 1951.

Commission Seeks Tombstone Photos

TOMBSTONE, Ariz. (UP)—The Tombstone restoration commission has appealed for satisfactory photographs of the "town too tough to die."

The commission, which operates a museum dedicated to the residents of this once famous frontier town, needs the pictures for a pictorial history of the area.

HOSPITAL BOARD AND ROOM

HAVE YOU ENROLLED?

IN THE

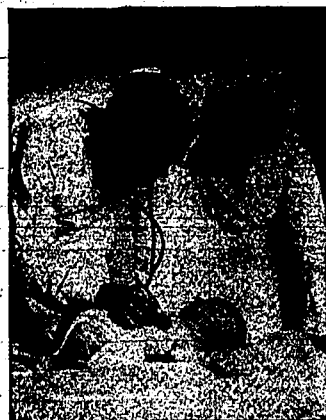

National Benefit Plans of Protection

Hospital - Surgical - Medical - Nursing

All residents of Twin Falls and Twin Falls county who qualify will have the opportunity to enroll in the National Benefit Plans of Protection. These famous Plans now protect many thousands of individuals and families against expensive hospital, surgical, nursing and doctor bills for sickness or accident. The Program to explain this protection to all residents of the county is now beginning and it will continue until all residents of the county have been contacted and the National Benefit Plans of Protection explained to them.

SURGERY

CHILDBIRTH

DOCTORS' BILLS

These Famous Plans of Protection Provide In Specified Amounts For

PLAN A

HOSPITAL ROOM AND BOARD

In the hospital of your choice for either sickness or accident.

HOSPITAL EXTRA EXPENSE

X-Ray, operating room, anesthetic, ambulance, medicines, iron lung, etc.

SURGEONS' BILLS

For operations performed either in the hospital or in the doctor's office.

CHILDBIRTH

Double benefits for twin births. Triple benefits for Caesarian birth.

HOME NURSING

For either sickness or accident.

PLAN B

DOCTORS' BILLS

For doctor's calls to your home. For treatment at the doctor's office or clinic. For visits in the hospital.

TWO GREAT NATIONAL BENEFIT PLANS

Plan "A"

- HOSPITAL
- SURGICAL
- NURSING

Plan "B"

- MEDICAL
- SURGICAL
- NURSING

This is the tremendously popular Hospital, Surgical and Nursing Plan. It protects thousands and thousands of individuals and families. If you and family are not protected under this Plan you may now learn how it may be available to you if you qualify.

This is the Plan that pays toward Doctor Bills in the home, at the doctor's office, in a clinic, in a hospital - - in fact anywhere. It covers sickness, accident, delivery charge for childbirth. The benefits for doctor bills, operations, nursing will give added protection to the National Benefit Hospital, Surgical or Nursing Plan or to any other plan of protection.

COUNTY-WIDE PROGRAM

We Are Pledged to Interview All County Residents
The National Benefit Plans of Protection Will
Explained to Individuals and Families

During the time necessary to contact all county residents, representatives will be interviewing individuals and families. The National Benefit Plans of Protection will be explained by fully qualified, specially trained representatives. They are pledged to contact all residents and to make the plans available to all who qualify.

A FEW MINUTES TIME IS ALL THAT IS NEEDED

Just a few minutes of your time is needed for you to receive a full explanation of the Plans. The representative who calls on you will arrange a time that is convenient for you to receive full information.

INCOME PROTECTION: Ask the representative who calls on you about the National Benefit Income Protection Plans that give you a monthly pay check when you are sick or injured.

HERE ARE A FEW REASONS WHY IT IS IMPORTANT FOR YOU TO HEAR A FULL EXPLANATION OF THE NATIONAL BENEFIT PLANS

- ★ **They Are a Safeguard Against Government Control of Hospitals and Doctors:**
Socialized medicine is unnecessary for you when you and your family are protected under National Benefit Plans.
- ★ **Hospital and Medical Care Has Become Tremendously Expensive:**
If you or a member of your family has been recently hospitalized and has had expensive medical or surgical care you know the importance of a National Benefit Plan to prepay the cost of this necessary but expensive care.
- ★ **One Person Out of Every Two Families Will Be a Hospital Patient This Year:**
The advanced medical techniques and the ultra modern Hospital facilities are being used now more than ever to safeguard health and prolong life. If you or a member of your family takes sick or meets with an accident, you, too, may become a hospital patient. And 6 of every 10 hospital patients require expensive surgical operations.
- ★ **You May Prepay Expensive Hospital, Surgical, Medical and Nursing Care at Low Cost:**
National Benefit Plans of Protection are low in cost. You will be surprised at the small monthly deposits to keep them in force to protect you and your family.

IF YOU ALREADY HAVE A PLAN, HAVE YOU ENOUGH PROTECTION?

You possibly now have a National Benefit Hospital and Surgical Plan, or you may have some other Plan, or be protected through your employment in a Group Plan of some kind. GET A MEDICAL PLAN, TOO!

REMEMBER: National Benefit pays benefits direct to you, or to the hospital or doctor as you direct. Benefits are NEVER prorated or reduced on account of any other protection you may have or any payments you receive from any other source. A low cost National Benefit Plan will give you the protection you need.
